Parental information about the kita operation

Dear parents

We will provide information on kita operation based on the adapted initial situation. Translation in English below.

Changeover in kite-care from 23.03.2020

Due to the more stringent measures of the federal government, we will inform you how things continue at the SalZH daycare centre. This exceptional situation is a great challenge for all of us and requires flexibility and solidarity. To slow down the spread of the corona virus, we are obliged to make our contribution.

Whenever possible, children must be cared for at home. In this way, parents help to ensure that primarily places remain free for children whose parents work in systemically important professions (see enclosed letter from the canton) or who are dependent on non-family care due to stressful family situations. The canton appeals to the personal responsibility of all parents.

We therefore ask all parents who continue to require childcare from Monday 23.03.2020 to register their childcare needs by clicking on the following link <https://www.salzh.ch/kita/umstellung-kita> by Thursday, 19.3.2020 at 12.00 noon This will help us to plan our schedules.

Those who do not require care until further notice do not need to do anything.

New opening hours from 23.03.2020

In addition, new shortened opening hours will apply from Monday, 23.3.2020. These are from 7.30-17.30 hrs.

At this point in time, we are not yet able to say how the current situation will affect the childcare allowance if the children no longer come to the Kita. We are waiting here for clear instructions from the federal government, canton and city and will provide information at a later date.

We regret that we will certainly not be able to continue to look after many children as usual until 19.04.2020.

We wish you from the bottom of our hearts much strength, creativity and confidence.

Corinne Weber and Felix Hunziker
